

Drainage Committee Meeting, 11AM on 2-26-2020 Meeting Minutes

In attendance

Sean Widener – Engineer from Clark Dietz

Tami Voges - Mayor

Art Rapp - Committee Chairman

Jim Wagner - Village Trustee

Mike Peters - Street Superintendent

Luke Fisher - Asst. Superintendent

Pauline Clemence – St Joseph Resident

Agenda: Discuss ongoing drainage issues south of 150 and issues with DD-6 drainage district along with various possible resolutions on the SW side of the village.

Conclusion: Various sites and issues were identified but no definitive solutions were determined. There will be various explorative dig sites in the SW portion of the city so as to determine a definitive course of action. The dig results and these determinations will be used in coordination with the city's engineering firm (Clark Dietz) to identify and determine a possible course of action.

Subsequent meetings will be required so as to determine remedies along with ideas for funding for these projects.

Meeting Adjourned: 12:05PM

Submitted by;

Art Rapp - Committee Chairman
